Pennypack Gardens

CHELTONHAM, PA.

FOREWORD

It is the aim of Pennypack Gardens to introduce good dahlias that will grow for you so as to brighten your garden or produce show winners. While much emphasis is placed on creative work of developing superior strains of new dahlias, most responsibility is given to the maintaining of sound foundation stock.

Pennypack dahlias were highly honored in 1947 and received much praise in Honor Rolls. Won two American Home Achievement Medals and many other first prizes.

Winnings for 1947 are surely impressive, but the final success is your satisfaction. A program involving testing both in the field and exhibition gardens, has been carefully conducted. Any dahlia failing to grow properly under ordinary field conditions, does not bear the Pennypack label.

Acquire the best—"PENNYPACK DAHLIAS"

My 1947 Introductions

Dahlias that have withstood the most severe test which is making good in the gardens of my customers. Many fine letters were received praising these dahlias as of the very best in all respects.

Introducing for 1948

“AUTUMN BLAZE”

AUTUMN BLAZE, (Herst) I. D.—The coloring of this giant flowering dahlia reminds one of the brilliant display of color prevalent during the Fall. The flowers in early September are of fiery red, later blooms take on gold color so then the effect is red in the center and shades of gold on the outer part of the flower. The gold having appeared at the end of each petal. This dahlia is dependable and has already a good record in the field and on the show table. The growth is strong. Gained a certificate of award in 1946 at an official A. D. S. trial grounds with a score of 86. The flowers easily obtain a size of 12 inches in diameter and are of heavy depth. Show winnings include 2 awards as the largest and most nearly perfect flower, and the American Home Achievement Medal at 1947 Burholme-Philadelphia show.
